

Group Projects and Activities

In addition to witnessing and learning about poverty and the programs in place to alleviate it; many who visit our mission wish to raise funds in advance of their visit so they may do project work and/or fund activities for the poor people that we serve. Following are some suggestions along with estimated costs. Before beginning your fundraising efforts be sure to check with our mission visit team for current costs.

PROJECTS

There is an on-going need for adequate shelter and household goods amongst the people that our mission serves. Your funds will allow you to work side-by-side with the local people to reconstruct and update homes and deliver furniture and supplies.

- \$2500** Remodel an entire home for a family including an eternit roof that will provide protection from the elements for years to come.
- \$1200** Replace estera walls in a 3-bedroom home.
- \$700** Build a new eternit roof on an estera home.
- \$80** Provide a gas stove and tank for a family
- \$300** Deliver a houseful of furniture for a family in need including a bed, stove, small and large table, 4 chairs and a dresser.
- \$140** Provide a double bed including linens, blankets and pillows for children who all too often sleep on dirt floors or share a bed with their parents.

ACTIVITIES

The opportunity to visit the beach, play games, or eat a beef dinner is out of reach for most of the families that our mission serves. Hosting an activity is a wonderful way to mingle with the local people and provide joyful memories for all.

- \$700** Hold a carnival for the children living in the poorest barrios with games, prizes and snacks.
- \$500** Buy a cow and host and serve a delicious meal for poor families. A local band with singing and dancing will complete this fun event.
- \$500** Take a group of handicapped people and their caregivers to the beach for the day and serve them a nice meal and play games.
- \$250** Host a birthday party for the Golden-Agers group, don part hats, serve cake and dance!

Don't see the project or activity you had in mind? Contact our Mission Visit Team; we'd love to hear your ideas! 701-364-0162
